

Aster Logistics Ltd.

Revenue Definition Note

This document is a synthetic demonstration document for the Fact Knowledge Layer.

Metric	Value	Period
Revenue	■120 crore	FY2025

Context

The ■120 crore figure refers to gross transaction value (GTV), not accounting revenue.

Accounting revenue reported in the annual report is ■100 crore.

The two figures therefore appear different but describe different measures; this document is intended to support a RECONCILED/contextual relationship.
